DOINGS THE COUNTRY OVER

Perry county will vote on a \$150,000 bond issue for roads on April 5. Mrs. John Means, a rich widow of Ashland, died suddenly in New York City.

There are 51 candidates for the various county offices of Graves county.

The State of Maryland paid \$2 each for 1,000 Mexican quail to liberate in an effort to restock the State's supply.

J. P. Morgan has applied for a \$2,500,000 life insurance policy, which would be the largest ever written under one name.

The engagement of the President's oldest daughter, Miss Margaret Wilson, to Frank R. Compton, of Chicago, has been announced.

Moving picture theaters are decreasing in number, according to evidence submitted to the New York investigating Committee.

In addition to his other committee assignments, Senator James has been placed on the Rules and Privileges and Elections Committees.

Ten million men have been killed, wounded, captured or are missing in the European war, according to figures just compiled. The number of dead is said to be more than 4,000,000.

B. E. Choate, who mutilated Henry Campbell in Graves county because he charged that the latter had been intimate with his wife, was given three years and four months in the pen.

The Missouri house passed an anti-tipping bill for hotels and public houses where owners receive part of their profit through renting space. The penalty for violation would be \$5,000.

An organized campaign to keep the United States out of war with Germany was started at a meeting recently in New York. A message from William J. Bryan opposing the arming of American vessels was read.

After wounding Chief of Police James Mackey and four other citizens of Maysville, William Sanders, a negro, was shot to death in a barn which he had defended for some time against a posse of 300 men.

Gov. A. O. Stanley, in a speech at a mass meeting in Lexington, scathingly arraigned that "small crowd of willful men" through whose efforts President Wilson and the country were placed in embarrassing position.

Information was received that Edward F. Simms, of Paris, and Houston, Tex., has disposed of his immense oil holdings in Mexico and Texas to the Sinclair Gulf Corporation for a consideration said to be \$20,000,000.

The forty-four miles of the Dixie Highway through Hardin county practically has been completed, Chairman Harry S. Perkins, of the Louisville committee which helped to finance the building of the highway, having announced a final payment of \$3,000 to Hardin county.

Optimistic forecasts of the control of the new House came from Democratic and Republican leaders when they heard of the President's call for an extra session of Congress. Many unbiased observers, however, foresee only a long and bitter organization fight unless a coalition agreement prevents.

Thirty-seven persons are believed to be dead and more than 150 injured at New Castle and other points in Indiana by a tornado that swept over that State Sunday. The damage is estimated at close to \$1,000,000. The storm swept a path through New Castle about two blocks wide and ten blocks long. About 300 houses were leveled. The South Side school building was destroyed as were also the rolling mill and shovel plant.

Officers and directors of the Federal Farm Loan Bank at Louisville announced by the Farm Loan Board as follows: President, Walter Howell, Union City, Tenn.; vice president J. P. Brennan, of Columbus, O.; secretary, James B. Davis, of Brazil, Ind.; treasurer, L. B. Clore, of LaPorte, Ind. The officers and H. A. Sommers, of Elizabethtown, constitute the directorate. A. C. Dulaney, of Bowling Green, was appointed registrar and attorney.

LECTURE TO MEN ONLY

AND BOYS OVER 13

(The Flower of Manhood) at Hebrew Methodist church, between Stanford and Crab Orchard, on the Boone Highway, Sunday, March 18, 2:30 P. M., by Rev. E. T. Adams, D. D. of Kentucky, who was formerly pastor of the First Methodist church, of St. Louis, Mo.

Dr. Adams is a man of wide experience, having extensively traveled throughout the land preaching the wonderful Gospel of Jesus Christ. He has God with him. His great Passion for the soul's welfare of a dying world, and his labors to elevate society, and help men and women to live right, for God is the predominate note in all his work. Back of his masterful powers to unlock sin to the lost and wretched, is a human heart of tenderest compassion, filled with Divine inspiration as he paints soul Imagry upon the canvass of human thought, and imagination, in vivid unmistakable Bible truths, until the very heart throbs of the God of heaven may be heard in the awakened consciences of men and women. Back of it all and in it all, is the wonderful message of God, the Savior of men.

Remember this great meeting for men and boys and be there. This meeting is only one important feature in the series of revivals services now being conducted at Hebrew church, under the joint leadership of the pastor, Rev. J. M. Robinson and Dr. Adams.

Regular revival services every evening at 7:30, every afternoon at 2 o'clock and Sabbath mornings at 10:45, continuing till March the 25th.

You are cordially invited not only to the special service for men, but to all the other services during the revival. Admission to the lecture is free.

MAMMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look At Tongue! Move Poisons From Liver And Bowels At Once

Mother! Your child isn't naturally cross and peevish. See its tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, does not eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ill; give a teaspoonful, and in few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the California Fig Syrup Co.

TO THE DEMOCRATS OF LINCOLN COUNTY

I am a candidate for jailer of Lincoln county, subject to the action of the primary to be held Saturday, August 4, 1917. I trust that my fealty to the party of parties for years makes it unnecessary for me to go unto detail about my record. I was born and raised in Lincoln and know many of her people, but to those I do not, I will ask that they consult their neighbors about me. If my record is good, I ask their support and influence. If it is not, I shall not expect it. I feel that I could fill the important office I seek with credit alike to myself and my party and I ask that I be given the opportunity of proving to the people that I can make a good jailer. Give my candidacy consideration before you pledge yourself, and should you decide to give me your vote and influence, I assure you I shall do all in my power to show that you have reposed confidence in the right person. Again asking your support, I am,

Very truly yours,

JOHN J. MOSER.

LOOKS LIKE WAR

The legal department of the government having advised President Wilson that he has the authority, without act of congress, to arm American ships to protect them from German submarines, he at once issued orders to arm every merchantman that desired it and furnish men to use the cannon upon any belligerent vessel that would prevent its free use of the sea. He also called an extra session of congress to convene April 16, so that in case the armed neutrality results in open conflict it will be on hand to declare war. The ~~state~~ ~~to be~~ ~~without~~ ~~any~~ ~~short~~ ~~govern~~ ~~ment~~ ~~that~~ ~~has~~ ~~so~~ ~~uthlessly~~ ~~trampled~~ ~~on~~ ~~our~~ ~~rights~~ ~~and~~ ~~put~~ ~~at~~ ~~naught~~ ~~all~~ ~~international~~ ~~and~~ ~~civilized~~ ~~law~~. Surely we have stood all that liberty loving people ought to stand and if war comes the imperial government will be made to rue the day it sought to force us from the sea.

As the special session of congress will be a new body, much interest is felt on its organization. The old parties were evenly divided in numbers, having 215 members each, till a Democratic member from New York died, leaving the Democrats with 214. However, an election has been called to fill the vacancy before the convening of the body. There are six progressives, prohibitionists and what nots to be reckoned with and the side which gets three of them will elect the speaker and other officials. One Republican is said to oppose Mann, the Republican candidate for speaker, and that a Progressive elected in Louisiana with the aid of the paper of Champ Clark's son-in-law, will vote for Mr. Clark. If this be true he will be reelected, but we fear it will be too good luck for the Democrats, who usually get the worse of deals. It is hoped, however, that they will win out and that the body will be in full sympathy with the President's progress, which every patriotic man endorses.

Penny liners and Smart Alecks are wont to shoot the shafts of their alleged wit at Vice President Thomas R. Marshall and try to make him appear a very small man, but the fact remains that he has made one of the most creditable officials who ever held office. He has presided over the senate with marked ability and conducted himself so as to win the approbation of both parties. Some of the best speeches made in the last campaign were by him as we and others who heard him at Winchester can attest. His inaugural address delivered before the senate was a model of wisdom and brevity and showed that both his heart and his brain are in the right place. He is the first vice president in the history of the country to be re-elected, a distinguishing honor that he richly deserves.

The only defense of Traitor Stone that has appeared except in the German papers, which spreads itself in commendation of Gum Shoe Bill Urey sounds a little Germanic, but Woodson does not and we are therefore unable to divine the umbilical connection, unless a fellow feeling produces the wondrous kindness. By the way, Editor Woodson says that Editor Breckinridge, of the Lexington Herald will be lucky if he escapes criminal indictment for his libel of Stone and adds that he ought to be given a year in the penitentiary for it. Now watch the fur fly.

After every presidential inauguration, especially if the weather was bad the old effort to change the day from March 4th to the last of April is revived, but as usual it will doubtless end in talk. President Harrison died from exposure on inauguration day and it is now said that President Wilson contracted the cold that has kept him in bed a good deal since. It is about the worst time of the year that the ceremonies could be held and the long deferred change would be most acceptable.

The New York judge who decided that a wife has the right to go through her husband's pockets while he sleeps and help herself to his cash if he does not give her over \$5 a week, must either be a bachelor or is playing for the woman vote. Now is the time for all married men to come to the aid of the oppressed.

"Come on Over, See My Corn Fall Off!"

"I Put 2 Drops of 'Gets-It' on Last Night—Now Watch—"

"See—all you have to do is to use your two fingers and lift the corn right off. That's the way 'Gets-It' always works. You just put on about 2 drops. Then the corn not only shrivels, but loosens from the toe, without affecting the surrounding flesh in the least. Why, it's almost a pleasure to have corns and

calluses off, without the use of too-irritating salves, burning bandages, tape, plasters and other things not only foolish, but unnecessary. Use this wonderful discovery, "Gets-It," for any soft or hard corn or callus on the nose, temple, etc. in a quick way and it never fails. You'll never have to cut a corn again with knives or scissors, and run chances of blood poison. Try "Gets-It" tonight.

"'Gets-It' is sold everywhere, 25¢ a bottle or start on receipt of price by E. Lawrence & Co., Chicago, Ill.
